**OTHER BUSINESS**

GloFiber – Mr. Gerald Parker, Senior Manager/Field Operations updated the Commissioners on the fiber builds in Ross County. Currently, they have an ACAM (Alternative Connect America cost Model) project taking place (~3,000 additional homes) which needs to be completed by 2028. Also, GloFiber has applied for BEAD (Broadband Equity, Access, and Deployment) funding to build fiber to an additional ~6,000 homes. In addition, they are planning to build fiber to the add-on Sherman Heights Subdivision and Golfview, while identifying other areas within Ross County to build fiber soon.

Mighty Children's Museum – Kelly Pierce, Executive Director, Meredith Tomlinson and Audrey Glass – discussed the expansion plans they have for the museum, using the ACGP funds they were awarded. The estimated cost of the project has increase two fold with inflated prices on materials and the required addition of a sprinkler system throughout the building. They are asking if the Commissioners would be able to provide additional funds in conjunction with the grant funds. The Commissioners will discuss the request and decide if it is feasible.
